

# How to use your **CRESBI™** crates

Use strap slide to determine strap length:

For a short handle slide it to the 1st "B" for "briefcase" longways

To wrap the 2 crates slide it to the t with a dot, wrapping 2 crates

For quick trips set UPC codes up & scan in crate

To carry like a briefcase, hook into short ends

Clip dark hook into hole, keep logo up as you wrap

Clip silver hook onto cart while shopping
